BUBBENHALL VILLAGE NEWSLETTER

November 1993.

No. 27.

PARISH COUNCIL.

Bubbenhall C.E.School.

The Parish Council will, of course, co-operate with the Governing Body of the School and the village in opposing the proposed closure of the school.

Regarding the possibility of the public being allowed to use the school transport services, the Parish Council has received a letter from the County Education Department confirming that the services to Cubbington C.E.School will not be opened to the public for the foreseeable future. This decision was made on the grounds that (a) the Bubbenhall/Weston-under-Wetherley route is used by pupils from Round Oak School and any school transport service carrying children with special educational needs for whole or part of the journey will not be opened to the public, and (b) the Offchurch/Eathorpe route has no spare capacity on the vehicle and places are not, therefore, available to the public.

Sand and Gravel Extraction, Weston Lane.

Warwickshire County Council has refused the planning application submitted by Smiths Concrete Ltd., to open the landfill site on Bank Holidays and on Saturday afternoons preceding and following Bank Holidays. The Parish Council objected totally to this proposal, as did the residents of the area around Weston Lane.

The Spout.

The Parish Council has taken up with Smiths Concrete Ltd., the question of the effect of the further sand and gravel extraction from the "Glebe Farm" site, when commenced, and had a meeting with representatives of the Company at which the geological considerations were explained and considered. The Parish Council has accepted the Company's assurance that the proposals will be monitored to ensure that the water flow from "The Spout" will not be adversely affected.

Recreation Ground.

The Parish Council is at the moment in discussion with Warwick District Council's Amenities Department regarding the provision of a suitable low slide for the younger children. These are expensive and the question of raising the amount required is a matter for concern as it is not clear at the moment whether or not any financial assistance will be received from the District Council, and the possibility of all or part of the amount required being raised in the village still has to be determined.

Highways Matters.

The Parish Council has under consideration the question of the high speeds of traffic proceeding along the A.445 past the School, and discussions are taking place with the County Council on this matter.
